

RISKI MARDHIANTO

Web Developer & Network Engineer

I am Riski Mardhianto, 28 years old, a graduate of a private university in Bandung. I am a fast learner who enjoys logic and programming, passionate about the IT field, and an IT enthusiast. Occasionally, my mood influences my work on various projects. I have a strong affinity for freedom and exploration, particularly in urban exploration, which provides insights into the daily lives of people. Currently, I am deepening my understanding of web programming, with a focus on Javascript, Node.js, and Vue, as well as gaining expertise in Linux Server, CI/CD, and Dockerization.
